POSITIVITY MINNA

This activity allows your club to highlight and give surprises to students who are being kind and helping others.

How To

1. Throughout the week students in your BC2M club and teachers will be on the lookout for students who are doing random acts of kindness and nominate them for a gift.
2. At the end of the week, BC2M will give them a letter and a gift as a thank you.

Materials

You will need thank you cards and envelopes. Also, your group may want to decide on a number of students to select per week. Your group will also want to decide what gifts you are going to give the students each week in order to be prepared for the students each week.

Budget

This is a low budget activity that could cost as much as \$10 per week if you make your own cards and give baked goods out as gifts. This is completely up to you and your club!

Number of Students Reached

Over the course of the school year this activity has the potential to reach over 100 students. Make sure to not just nominate your friends!

Time

This activity has a preparation time of 1 hour per week because you will have to reach out to teachers and have the gifts prepared. The actual distribution of gifts should not take longer than 20 minutes.
